

Name the following compound:

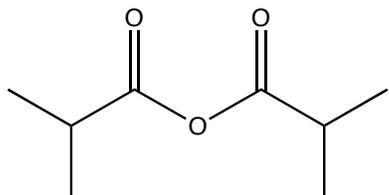

Draw the structure of:  
Ethyl 2-methylbutanoate

Name the following compound:

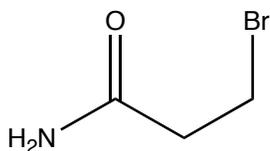

Draw the structure of:  
Benzoyl chloride

Name the following compound:

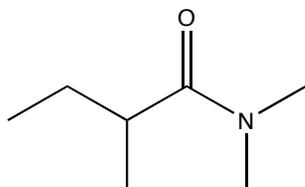

Draw the structure of:  
2-methylpropanoic anhydride

Name the following compound:

Draw the structure of:  
3-bromopropanamide

Name the following compound:

Draw the structure of:  
N,N-dimethyl 2-methylbutanamide
